

15/07/2021

Dear Sir/Madam

Broomfield Hospital Cycle Scheme

We are writing to advise you that Marlborough Highways have been awarded a contract to construct a cycleway between Broomfield Hospital and Goulton Road, starting this month. This will provide a new, safe link for people who wish to cycle between the hospital, Chelmer Valley High School and the surrounding residential areas.

These works are the first phase of our future plans to improve the cycle route connection between Chelmsford City Centre and Great Waltham.

Work to construct the Broomfield Hospital Cycle Scheme is due to begin on Monday 19 July 2021 initially with the construction of a haul road. This will be used to accommodate Marlborough's vehicles and farm machinery from the site entrance in Church Green to an area that will be the works compound, which is currently a playing field next to Chelmer Valley High School. The road and compound will be in situ for the duration of the delivery of the contract, this is scheduled to be around 16 weeks.

From Monday 19 July there will be vehicle movements in and out of Church Green. While this is unavoidable, Marlborough Highways aim to keep disruption to a minimum.

If you have a question relating to these activities please contact Marlborough's Public Liaison Officer, Del Whitlam on mobile: 07795415847 during working hours. Alternatively please email: del.whitlam@marlboroughhighways.co.uk. In an emergency you may contact Marlborough anytime on 0800 246 1302.

Further information and future updates will be published on our dedicated webpage which is accessible from: www.essex.gov.uk/highwayschemes and by searching for '**Broomfield Hospital Cycle Scheme**'.

If you have an enquiry not already answered on our webpage you may wish to contact the Essex County Council customer service team via the online form: www.essex.gov.uk/enquiries.

Thank you for your patience during the upcoming works.

Yours faithfully

Elliot Smith
Infrastructure Project Team Manager
